CALL TO SUBMISSION

JOURNAL COVER PAGE

We invite all subscribers to the “Revista Argentina de Anatomía Clínica” (Argentine Journal of Clinical Anatomy) and the members of the “Asociación Argentina de Anatomía Clínica” (Argentine Association of Clinical Anatomy) to send images (photographs, drawings, cartoons, etc.) to be included in the cover page of the journal.

Images must be original, related to Clinical Anatomy, Medical Education in Anatomy, contents or activities of the “Revista Argentina de Anatomía Clínica” or activities of the “Asociación Argentina de Anatomía Clínica” (AAAC), have good enough quality for the purpose of editing, suit the available space, have not been published formally or informally (e.g. internet) in advance, have a title and author’s name.

The images will be sent through the website of the Journal. They will be selected by the Editor in Chief and the Editorial Board. Where considered appropriate, participation may be asked to the subscribers. Your images will lead next issues

With best wishes for a
Happy and Prosperous New Year 2012
Dear Mrs. Ex-President Prof. Biasutto,
Dear Council Members of the AAAC,
Dear Members of the AACA,

The 12th Congress of the European Association of Clinical Anatomy (EACA) will take place in Lisboa, Portugal in the first half of July, 2013. The congress will be organized by Prof. Dr. Antonio Jose Goncalves-Ferreira and his team.

It is with great pleasure that I, on behalf of the EACA-Council and on behalf of the Congress Organising Team invite you - the members of the Asociación Argentina de Anatomía Clínica - to participate and contribute to this international congress that covers a wide variety of topics like clinical anatomy, functional histology, sports anatomy, kinesiology, anatomical techniques, and anatomical basis for anaesthesiology, surgery and radiology and medical education.

After more than five years of the AAAC it should be a good idea to join other international groups to see that we are facing similar challenges worldwide, but strategies may be different. And finally, the larger the group the stronger we are.

I wish you a very nice, interesting and fruitful congress in Tucumán. I am deeply sorry that I cannot be with you, but I have to run a surgical training course on the spine with 180 international participants at the same time of your conference.

Yours sincerely,

Andreas H. WEIGLEIN
EACA Councilor & International Congress Coordinator
