ARGENTINE JOURNAL OF CLINICAL ANATOMY:
INDEX VOLUME 7

Volume 7 Number 1

1  Cover and Index

6  Errata

Editorials
8  Can Anatomy be taught completely online?
Geoffrey T. Meyer

Original Communication
10  Three-dimensional reconstruction of the anterior olfactory nucleus in the human
olfactory bulb and peduncle
Steven Berendsen, Jocelyne VM Peters, Evelien Huisman, Willie Vorster, Piet
Hoogland

17  Estimation of stature from cephalic dimensions in a nigerian population
Ukoha U. Ukoha, Kosisochukwu E. Umeasalugo, Onochie O. Udemezue, Lasbery
A. Asomugha

26  Opinions of medical students about Phase I Anatomy education: A preliminary
study
Ayla Kurkcuoglu, Can Pelin, Ragiba Zagyapan, Ersin Ogus

34  Morphology of the hard palate: A study of dry skulls and review of the literature
Erli Sarilita, Roger Soames

Review
44  Anterior segment ischemia and strabismus surgery: From the anatomy to the clinic
Abraham Olvera-Barrios, Rodrigo E. Elizondo-Omaña, Verónica E. Tamez-Tamez,
Maria de los Ángeles García-Rodríguez, Eliud E. Villarreal-Silva, Santos Guzman-
Lopez

52  Positive identification of human remains by skull-photo comparison in Uruguay: A
review
Horacio E. Solla

Case reports
60  Lymphovenous communications between the thoracic duct and the azygos venous
system
Naief Dahran, Roger Soames

Letter to the Editor
64  Importance of awareness on body donation in health science students
Ravindra S. Swamy, Naveen Kumar
Volume 7 Number 2

81 Cover and Index

Editorials

Motor points: A morphologic expression with wide clinical applications, not well studied yet
Luis E. Ballesteros

Original Communication

Intervertebral veins directly connecting the vertebral venous system to the azygos venous system rather than the proximal end of the posterior intercostal veins
Naief Dahran, Roger Soames

93 Evaluation of acromial geometry in relation to the cuff tears on Thiel-embalmed cadavers using 3d Microscribe digitizer
Mohammad A. Alobaidy, Abdulrahman S. Alraddadi, Roger W. Soames

Extraperitoneal surgical drainage of psoas abscess: Anatomic basis
Alejandro M. Russo, Alejandra Garretano, Andrés Pouy, Gabriela Wagner, Juan M. Costa, Pablo M. Sciuto, Eduardo A. Olivera

100 Gastrocnemius tubercle in indian population: A new anatomical entity?
Shilpa Gosavi, Rajendra Garud, Surekha Jadhav

Anatomical Variants

112 Double transverse foramen in infantile cervical vertebrae of the late 17th and early 18th centuries
Laura Quiles-Guiñau, Marcos Miguel-Feucht

Case reports

118 Double middle colic arteries in a female cadaver of Asian origin - A case report
Chitra Ramasamy, Shakthi Kumaran Ramasamy

Letter to the Editor

122 Body donation in India: Myths versus facts
Anitha Guru, Naveen Kumar

123 Information and News

133 Instructions to authors
Volume 7 Number 3

137 Cover and Index

Editorial

142 What do we do with the Anatomy?
José Luis Bueno-López

Original Communication

145 Thorax-abdominal vagus nerves in fetuses
Susana N. Biasutto, Gabriel A. F. Ceccón, Matías de la Rosa, Paulina A. Bortolin

A watch backward

153 Cristopher Wren: the artist of the circle of Willis
Fernando Martínez

Abstracts

191 The 7th International Symposium of Clinical and Applied Anatomy

227 List of reviewers

228 Index Volume 7
